Splendid Programme Arranged For Stirling Fall Fair This Week-End

Western Games To Be Feat-
ured — Good Midway —
Dance at Night, Geo. Wade

The annual Fall Fair, sponsored by the Stirling Agricultural Society, is scheduled for Friday and Saturday of this week, September 3rd and 4th. The committee in charge of the various attractions has lined up a programme for appeal to all, and indications point to it being one of the best every seen locally.

In preparing the programme, the committee has ever kept in view that the Fair is primarily for the agriculturists of the community and has endeavoured to make it of particular interest to farmers. However, the urban dwellers have not been overlooked and there are many items that should appeal to them as well.

It is the hope of the Society that the citizens of Stirling and community will show their appreciation of the efforts put forth by the directors by giving their wholehearted support to the Fair, not only with their attendance, but by competing in as many events as possible.

Acknowledge Donations

The directors desire to thank the citizens of Stirling and Hastings County who, by their generous donations, have assisted them in arranging for this year's Fair.

Copies of the prize list may be obtained from R. E. Shortt, Secretary, or at the News-Argus office.

Light Horses

All of the familiar events are again on the agenda and a good afternoon's entertainment is promised for Saturday, September 4th.

Light horses will again be featured with many of the classes shown in front of the grandstand. This event proved very popular at last year's Fair and a large exhibit of horses is expected.

There will be races for small ponies and a musical chairs competition open to ponies.

Good Exhibits

There will also be the usual good horse and cattle exhibits, as well as sheep and swine. In the main building will be found the ladies' work exhibit. (Continued on page five)

Stirling Junior "C's" Lose Deciding Game With Sydenham Saturday

(By Bob Taylor)

Final Count Was 3 to 0 — Howard Jeffs Hurls One-Hitter In Defeat For Locals

Sydenham advanced down the play-off trail Saturday night by handing the local squad a 3-0 defeat at the Henry Street diamond in the third and deciding game in their Junior "C" zone finals. The game was typical of the preceding two contests with errors the deciding factor in the margin of victory.

Howard Jeffs turned in a performance nothing short of spectacular on the Stirling rubber, by hurling a masterful one-hitter and holding the winners off the scoresheet until errors broke the scoreless tie.

Bill Norman, not to be outdone by Jeffs, limited the Stirling batsmen to a mere two hits, both singles. Norman also blew third strikes by 14 while issuing two passes. His mates committed but one error. Stirling fielders collected a total of four errors, three in the fateful eighth. Jeffs walked eight batters and gave up one walk.

Sydenham catcher Art McCallister accounted for the one lone hit by the visitors, that a scratch single over the head of first baseman Irvine in the third inning and reached second on a passed ball. Doug Potts and Larry Rogers belted singles for the locals in the second and sixth innings respectively.

Fateful Eighth Inning

Sydenham started off the eighth with McCallister grounding out pitcher to first. Lake then hit a third strike pitch to shallow right that was misjudged by the fielder and bounced away for a four base error. Nicol continued the rally getting on by a ball that was deflected by Jeffs and got away from Noble. Jeffs got Stepenon before Stinson dropped a fly ball to centre field that was dropped by Faulkner and both runners came in to score. Norman flew out to right field to end the inning.

Smith got as far as third in the ninth but died there as Potts grounded out to end the game and the season for Stirling.

Rev. and Mrs. Wilbert Clarence Cox

The marriage of Dawn Evelyn Good, daughter of Mrs. Edna Good, Mountain Grove, Ontario, and the late Adrian Good, to Rev. Wilbert Clarence Cox, B.A., B.D., son of Mr. and Mrs. A. C. Cox, of Arden, Ontario, was solemnized in a double-ring ceremony in Mountain Grove United Church on Saturday, July 10th, 1965, at 11 a.m., amidst a setting of white gladiolus.

Dr. Paul Newman conducted the new order of service, characterized by congregational participation. Rev. Brian Thrasher played suitable wedding music previous to the ceremony and during the signing of the register. The organist led the congregation in singing two hymns, "Praise My Soul, the King of Heaven" and "O God of Bethel".

The bride, given in marriage by her grandfather, Mr. Arthur Good, of Kingston, wore a floor-length sheath gown of peau de soie with an overskirt of organza, ending in a chapel train. The dress was highlighted with small rose appliques and the lily-point sleeves were of sheer organza. Her waist-length veil was held in place by three organza roses and lily-of-the-valley. She carried a cascade bouquet of white roses.

Miss Claire Howes, Kingston, cousin of the bride, was maid of honour. The bridesmaids were Misses Colleen Fitzmaurice, Ottawa, and Susan McRae, Montreal. The attendants were identically dressed in floor-length yellow gowns of peau de soie with

matching headdress of bouffant veiling held in place with roses and tiny flowers. They each carried a cascade bouquet of white shasta daisies. Mr. Norman Kennedy, Elginburg, was groomsman for his cousin. The ushers were Rev. Douglas Heard, Oakland, and Rev. William Wells, Plumas, Manitoba.

A reception followed in Mountain Grove Community Hall, where the bride's mother received her guests wearing an aqua jacketed dress, white picture hat with white accessories and a corsage of pink sweetheart roses. The groom's mother assisted, wearing a pink linen sheath white accessories and a corsage of pink roses.

For a wedding trip, the bride donned a two-piece, pale aqua linen dress, white accessories and a Cymbidium orchid corsage.

The couple honeymooned at a cottage on Round Lake and then travelled to Lake Valley, Saskatchewan which was the groom's former mission field.

Guests in attendance were from Toronto, Hamilton, Deep River, Delta, Parham, Sharbot Lake, Godfrey, Yarker, Wolfe Island, Kingston, Ottawa, Montreal, Belleville, Peterborough, Tweed, Arden, Sudbury and Mountain Grove.

Rev. and Mrs. Cox are residing in Rawdon Manse, situated on Mill Street, Stirling. Rev. Cox assumed his new duties on the Rawdon Pastoral Charges on Sunday, August 1st.

LABOUR DAY — SEPTEMBER 6th

The long Labour Day week end is traditionally the last week end of the summer.

Unfortunately, for many Canadians this week end is the last week end of their life.

Many Canadians have died on those Labour Day week ends. This year, experts predict the death toll will continue to rise.

It's about time to call a halt to this useless waste of human lives. Most fatal accidents happen sheerly through someone's carelessness. They could be avoided if someone had simply used a little common sense.

You've heard all the warnings: drive carefully, don't overload your boat, don't swim right after eating, and so on. They can all be condensed into one brief slogan: Use your head.

Make your Labour Day week end a happy, safe holiday!

All members of the immediate family, except Mr. and Mrs. Gordon MacLain, who reside in Germany, were present to enjoy a buffet luncheon highlighted by a beautiful birthday cake.

Horticultural Group Enjoys Scenic Tour

Last Monday, Mrs. Floyd Armstrong, president of the Stirling Horticultural Society arranged a special tour for the group.

There were 21 who left Stirling at nine in the morning with transportation provided by Mrs. Armstrong, her daughter, Mrs. William Morgan, her father, Mr. William Ashby, and the secretary of the society, Mrs. Ray Rose.

The group travelled to the home of Mr. and Mrs. Jack Laundry, "Glad Acres Farm", near West Lake in Prince Edward County. Here they were welcomed and later viewed two large fields of multi-coloured gladioli. Mr. Laundry has 70 varieties of dahlias, a large rose garden and numerous chrysanthemums.

Those present travelled to Lake-on-the-Mountain picnic grounds, where long tables were laden with a delicious pot-luck dinner. Mr. J. B. Belshaw, a veteran horticulturist who recently observed his 87th birthday, said Grace.

The motorcade crossed the Glenora Ferry and travelled up the scenic route to Adolphustown. Here, they visited the United Empire Loyalist Memorial cemetery plot which was dedicated in June 1956 to those pioneers of earlier years, many of whom had arrived in 1784 to settle in the wilderness. They also visited the Church of St. Alban the Martyr which was erected in 1884, a good 100 years after the landing of the Loyalists. The guest book was signed and donations made, after which the memorial corner and plaques were read. The Quaker monumental plot was visited and a stop made at Dorland Cheese Factory.

The next visit was the Hay Bay Church, built in 1792. It is the oldest United Church edifice in existence today and was the first Methodist Church to be built west of the Maritimes. The minister in charge supplied information and once again the group signed the guest book and added their contribution to the upkeep

of the church.

Later the group journeyed through Sillsville and on to Deseronto where they viewed the site of the location of the new bridge.

Final stop was at the Plaza in Belleville before returning home.

Huntingdon Twp. Centennial Project

The Ontario Government has approved a township of Huntingdon centennial project, calling for the purchase of a school building and its conversion for use as municipal offices at an estimated cost of \$4,500.

Clarke Rollins, MPP for Hastings East, reports that he has received from Hon. J. W. Spooner, Minister of Municipal Affairs, notification of the province's approval. The proposal will now be forwarded to the Centennial Commission in Ottawa for its approval. If this is received, the cost will be shared equally by the township, provincial and federal governments.

THE BIBLE TODAY

Forty-five people returned home from Columbia recently, filled with enthusiasm and determination to carry on Scripture distribution in their home area. They had just attended the Eighth Regional Penzotti Institute in Cali, representing eight countries and 20 denominations, of various professions, ages and degrees of academic preparation, they were united in their desire to make God's Word known in God's world.

The Penzotti Institute is named after Francisco G. Penzotti, born just over a hundred years ago, who devoted his life to distributing the Scriptures in Latin America. The Institute now moves around from one country to another, giving a four-week course, so that the ordinary man can more easily take part.

Penzotti Institutes always include a session at the end of the four-week course when students put into practice what they have learned. While many types of distribution are discussed at the Institute, the emphasis is on door-to-door visiting with the Scriptures, as this method enables contacts to be followed up. Those who buy Scriptures are encouraged to form Bible Study groups, and are

put in contact with their local church.

The Canada Pension Plan and its benefits

Here is what the Canada Pension Plan will do for people like Thor Andersen, a farmer who works for himself and makes \$4,000 a year.

The Andersens are both aged 45 and have no family. If Thor's earnings continue at \$4,000 a year until he reaches age 65, he can look forward to a retirement pension of \$83.33 a month from the Plan. This, plus the \$75 each Mr. and Mrs. Andersen will receive from Old Age Security, will give them a total of \$233.33 a month—equal to 70% of Thor's previous average earnings.

If Thor becomes disabled anytime after 1970, having contributed until his disability began, he will get a disability pension of \$87.50 a month. This will continue until he becomes 65 when he will receive his retirement and Old Age Security pensions.

Should Thor die anytime after 1967, having contributed until his death, his wife will receive a widow's pension of \$56.25 a month until she becomes 65. From then on she will get \$125 a month—\$50 from the Plan and \$75 from Old Age Security. At the time of Thor's death Mrs. Andersen will be entitled to a lump sum payment of \$500.

All benefits under the Plan will maintain their value. The actual benefits payable will probably be higher than those given here since benefits will be adjusted to meet changes in living costs and in wage levels before they are paid and changes in living costs after they become payable.

What will the Plan cost you?

If you, like Thor, in a particular year, have self-employed earnings of \$4,000 you will pay \$122.40 in instalments, in the same way you pay income tax.

This advertisement is one of a series which relates some of the important benefits of the Canada Pension Plan to individual circumstances.

Issued by authority of the Minister of National Health and Welfare, Canada, The Honourable Judy LaMarsh.

OF MANY THINGS

(By Ambrose Hills)

MANY HANDS . . .

Canadians have been taught to expect costly benefits from the federal government. Family allowances, old age pensions and the like are taken for granted, and there are demands that they be increased. A national health plan is under consideration and the platforms for most political parties include many social benefits too sweet to be resisted.

Can we afford all these good things? Not unless all sectors of the economy carry a share of the load.

Crown corporations, for example, are going to have to be put on a paying basis quickly and turn over a fair portion of their earnings to meet the cost of social services. This is not to pick on crown corporations. I believe some of them have served a useful purpose. But it becomes necessary, as governments spend more, to insist that all segments of society contribute their utmost. Some crown corporations by their nature are not

expected to make money; but they could at least practise more thrift in their operations and release the money saved for other uses.

Co-operatives, too, are going to have to pay more toward these social benefits. After all, members of the co-operative movement get old age pensions, family allowances and so forth just like the rest of us. The co-op movement was begun by high-minded, idealistic men and women. Surely their successors can see the need to contribute more fairly than they now do to the cost of pensions, health care and all the rest. Yet it is amazing how indignant some of them get when it is proposed that they dig in and help shoulder this load.

County Council Meets Sept. 7th

Warden Fred Beckett has called a session of Hastings County Council for September 7th, at 10.00 a.m. The session is expected to last two days with reports from the Hospital Committee and the approving of the tender on the new hospital, and the Hastings Manor Committee on recommendations for the County Farm.

An agreement will also be placed before council with respect to the new regional detention centre. Other reports are expected from the Road Committee, the Planning Committee, and the Clerk-Treasurer.

IN SUPPORT OF THE ANNUAL

STIRLING FAIR FRIDAY AND SATURDAY SEPT. 3-4

(Values effective August 27th to September 4th)

A Letter to the Citizens of Stirling and District

I just thought I would drop you a line to let you know all about what is going to take place in "Dry Gulch Stirling" from August 26th to Saturday, September 4th, the day of Stirling Fair.

All the Merchants who perspired to make one of these Special Ads. are puttin' on the greatest whinding of a sale that Stirling has ever seen. Be sure to buy lots of things you need during Rare Deal Days. If you need more money, see Les.

Every time you buy something from one of these perspiring storekeepers you get a ticket on the pony that will be given away. The draw for the pony will take place at the Four Corners at 9 p.m. Friday night, September 3rd. Be sure to be in town for the Lucky Draw. But please, don't bring your guns to town.

During Rare Deal Days, the storekeepers will wear white cowboy hats every time they venture on the street. It has been rumoured that any merchant caught by the Sheriff not wearing his "Stetson" will be arrested by the Sheriff and pinched two bits; also the wrongdoers will have to sing a song at the Four Corners, before the draw for the pony.

After all the loot you save shoppin' in town from August 26th to September 3rd, comes Saturday, September 4th — the day of Stirling's Big Western Style Fair. This will be the greatest Fair that we have ever had in this neck of the woods.

Be sure to see the Parade of all the Western Horses and Riders, also other horses, at 11 a.m., downtown on Saturday. The parade will be led by a good band.

Come to the Fair, see the Road Races, Horse and Cattle Shows and Displays of all kinds. See and hear the Nashville style stage show featuring Della Post and the Cedar Valley Boys. Have fun on the big Robertson Midway. See the 4-H Clubs Achievement Day; also the newest feature of the Fair — the Western Games. This last attraction will last all afternoon and no other Fair in the area will have this feature.

Wind up the Fair Saturday night dancing to the famous music of Geo. Wade (Canada's King of the Callers) and his Corn Huskers, from Toronto — modern, oldtime and rock and roll dancing. If you don't dance come and listen. Bring the kids, they will like it, too.

107th Stirling Fall Fair Draws Large Crowd And Splendid Exhibits

**Ideal Weather Conditions
Plus Good Local Publicity
Earns Credit for Success**

Taking advantage of beautiful Fall weather, a large crowd attended the 107th annual Fall Fair sponsored by the Stirling Agricultural Society on Saturday. President Ivan Sarles and the directors had worked hard for months in their endeavour to improve the standard of the local Fair and their efforts culminated in producing one of the better Fairs of the district.

According to fair officials, both the exhibits and attendance were up over previous years, and a fine degree of excellence was evident in all departments.

Officials of the Stirling Agricultural Society said that the weatherman plus advance publicity was responsible for the large turn-out at the 107th annual Fair this year.

The Fair was officially opened by Clarke T. Rollins, M.L.A., for Hastings East.

Exhibits in Main Building

The main exhibit building had its array of produce of garden and field, home cooking that made the mouth water, and handicrafts ranging from large quilts to the smaller items of wearing apparel. The excellence of the farm and garden exhibits, as well as the fancy work, drew many fine compliments from the fair patrons.

Rainbow Beauty Shop, operated by Mrs. L. Howard, showed a lovely assortment of hats and fall fashions. Mrs. S. McIntosh, representative Ron McAdoo, Organs, Kingston had Hammond organs and Bell pianos on display. Also on display in the main building were crafts done at the Rotary sponsored playground this past summer and a colourful showing of Foxboro Fabrics.

Two local car dealers, Wells Ford Sales Ltd. and Stirling Motors Ltd., had an excellent showing of their 1965 model cars. Doug Morton demonstrated a Burg stable cleaner.

The Stirling Rotary Club operated a share-the-wealth bingo game. Stirling and District Young People's Association ran an egg throw game. Both these events did a thriving business and all proceeds will go towards the proposed tennis court.

There was an excellent horse show with both light and heavy horses being well filled as some of the best horse flesh in the Bay of Quinte was on exhibition.

The show ring was a centre of attraction all afternoon with the horse and pony classes as well as the Stirling 4-H Calf Club competition proving very popular.

There was a large cattle exhibit with all breeds being well exhibited.

The Robertson midway attractions were well patronized during the afternoon.

Halloway United Church Women served hot meals and lunches during the day. A Rawdon Junior Farmer booth also did a thriving business.

Good Stage Show Presented

A Nashville style stage show was arranged by Jack McCaughen for entertainment during the afternoon. This show featured Della Post and the Cedar Valley Boys. Many fine compliments were heard on the excellent entertainment.

4-H Clubs Achievement Day

A big feature of the Fair was the part taken by Stirling district Junior Farmers and 4-H Club members. The Trent-Moira 4-H Forestry Club had an interesting exhibit of various species of tree twigs, leaves and seeds in the main building.

Lady Directors To Be Congratulated

The Lady Directors of the Fair under the leadership of the President Mrs. M. Clancy, are to be congratulated on the success of their portion of the Fair. They have worked tirelessly for the improvement of the flora, needlework, school and domestic science sections. Many congratulatory remarks were heard about the quality and the well-displayed exhibits.

Domestic Science

The Domestic Science exhibit featured a delectable assortment of pies. (Continued on Page Eight)

Fair Week Sales Well Received Here

Fair Week Sales, sponsored by the Business Section of the Stirling Chamber of Commerce last week proved very successful. Many merchants reported increased sales and seemed well satisfied. It was the general consensus of local and district citizens that a closer spirit of friendship resulted between merchant and customer.

Western Atmosphere Prevailed

The western village atmosphere prevailed throughout the week with many fine displays in store windows which were varied and colourful.

Jake Parker, Sheriff, and Rudy Klompfner, Deputy Sheriff, patrolled on their "spirited" horses and kept the "western village" citizens on the right side of the law.

Gladys Sine Wins Pony

Free tickets were given out all week by merchants on a draw for a pony which created much interest. Friday night a large crowd was in town for the draw and holder of the lucky ticket was Mrs. Gladys Sine, Front Street W. Kim Hodgson made the draw.

Hootenany Staged

Prior to the draw a Hootenany at the four corners was staged. It created much fun and some suggested that it should be done more often. Those taking part were Jack, Dorothy and Wayne McCaughen, Tom Kovach, Murney Bateman, John DeVries, Jake Parker, Craig Watson, Donna Martin, Jim Mitts, Doug McCrory and Duncan Hawker.

Parade Saturday Morning

A parade was staged Saturday morning from the Fair Grounds to the business section and back to the Grounds, led by the Havelock Pipe Band. The Stirling Volunteer Fire Department entered their two trucks, along with units from several car dealers, in the parade. A smaller number of horses paraded, due to a last-minute decision of several owners to not enter their horses in the Parade.

Council To Ask Chamber Commerce To Assist In Zoning and Planning

To Call Tenders For The Brushing and Painting of The Front Street Bridge

Stirling Village Council held its regular monthly meeting Monday night. Reeve D. W. Rodgers presided. Councillors Robt. Anderson, Bruce Glendinning, Maurice Faulkner and Robt. Hulin were in attendance.

Councillor Glendinning brought in his report on various two-way radios as requested for the Police Department. After considerable discussion, it was felt that the two-way radio hook-up would be of great benefit to the Police Chief, but that it would be necessary to leave the matter in abeyance until next year's budget was presented.

On motion of Councillors Hulin and Glendinning, Council will request the Stirling District Centennial Arena Committee to proceed with the reinforcing of rafters and base at the Arena as recommended by the Consulting Engineer.

To Call Tenders For Painting Bridge

Tenders will be called for brushing and painting of the Front Street bridge this Fall, on motion of Councillors Anderson and Faulkner. The tender will appear in next week's edition.

Zoning and Planning Discussed

A discussion ensued regarding zoning and planning within the municipality. On motion of Glendinning and Hulin, Council will ask the Stirling Chamber of Commerce to work in conjunction with Council to investigate the various aspects of zoning and planning within the municipality.

Western Games Well Patronized

The newest feature at the Stirling Fall Fair, the Western Games, was an outstanding success. This is the first time such an event has ever been held in this area and Fair Board officials were high in their praises over interest shown in those games by the Fair patrons. All afternoon the large ring erected in the centre of the grounds was surrounded by spectators and proved to be one of the highlights of the day.

The success of this new event is largely due to Ted Cairns, of Ted's Tack Shop, for his untiring efforts in arranging these games. Riders were represented from Montreal, Quinte, Cobourg, Ottawa, Kingston and Hamilton Western Association Riding Clubs.

Judge for the day was Brian McKee, Toronto; Announcer, Chris Locking, Kingston, and Time, John Slater, Kingston.

Lorraine Quinn, Tweed, shows a passing tourist a map of the Land O' Lakes. This picture by the Ontario Department of Tourism and Information, Toronto, has been forwarded to several newspapers in Canada and the United States as a part of the Department's tourist promotion programme.

TINY JAIL RECEIVES TOURISTS

Tweed, Ontario — Visitors seeking tourist information in this eastern Ontario community go straight to jail. To put it another way, the local gaol, built at the turn of the century and long in disuse, has been converted into an unusual reception centre for those holidaying in Land O' Lakes, a history-rich region famed for its fishing.

Sandwiched between a municipal office and a church, the jail house is a tourist lure in itself. Measuring just 13½ feet by 17 feet, it is believed to be the smallest calaboose in North America, if not the world.

Its only claim to notoriety is that it held for transfer a suspected wife killer, named Giddy Butts, back in 1903. Thirty or so years later many a winter transient found warm shelter there while travelling between Toronto and Montreal in search of work.

But despite its value as a local landmark, the old stone building was doomed for destruction earlier this year when the Township of Hungerford, on whose property it stands, wanted it torn down for a driveway

into its equipment yard. One local had even bid for its limestone blocks to build a wall in his garden.

The plan might have succeeded, too, but for a hard-hitting campaign waged by the town's only newspaper, The Tweed News, which fought week after week in its editorial page and news' columns for its retention. The township finally capitulated and turned over the deed to the town for one dollar.

An alert Chamber of Commerce quickly seized upon turning it into a tourist reception centre. And in its only cell are housed stacks of maps, brochures and other literature for interested visitors who are invited behind bars to pose for a fun-type holiday photo.

Tweed lies 134 miles northeast of Toronto in the heart of Land O' Lakes. Further information on this and other vacation delights can be obtained by writing to the Information Branch, Ontario Department of Tourism & Information, 185 Bloor St. E., Toronto, Ontario.

Newlyweds Honoured

On Friday evening, August 27th, some sixty community neighbours and friends gathered at the home of Mr. and Mrs. Carl Bridges to honour their son and his bride, Mr. and Mrs. Paul Bridges, on their recent marriage.

Mr. Ivan Reid was master of ceremonies for the evening and opened the programme with a round of community singing with Mrs. Bruce Stapley at the piano. A trio, Mrs. Arthur Martin, Mrs. Glenn Clarke and Mrs. Allen Reid, favoured with several vocal numbers with three guitars as accompaniment. Readings were given by Miss Valerie Wilson and Mrs. F. Smith. Mrs. Bruce Stapley rendered a piano solo.

Miss Sharon Reid read an address, which was signed, on behalf of the community, by Isabelle Prest, Sharon Reid, Murray Martin and Lloyd Clancy.

Wayne McMullen, on behalf of Eg-

gleton Sunday School and Young Peoples, made the presentation of a table lamp. Lloyd Clancy and Allen Reid, on behalf of the community friends, made the presentation of a walnut combination desk and shelf bookcase.

Paul and Lois each replied, thanking everyone for the gifts and good wishes, and extended an invitation to visit them in their home in Belleville. All joined in singing "For They Are Jolly Good Fellows".

Lunch and a social hour were enjoyed.

CONSUMERS PAY MORE — BUT FARMERS GET LESS

Canadian farmers, who have long complained about the spread between farm prices and those the consumer pays for food, have even more to complain about these days.

Although consumers are paying more for food, the producers' share of the food dollar is getting less. And the farmer finds himself squeezed between rising production costs and almost stationary returns.

It's not the food you pay for so much as the processing.

As an extreme example, take the case of potato chips, at 49 cents a nine-ounce bag. Retail price of potatoes in this form works out to about \$1,700 a ton, although the farmer is lucky if he gets \$100 a ton for his spuds.

There may not be as much of a spread in the price of other foods. But farmers get angry when they see their products selling in the store at even two or three times what the producer paid for them.

The housewife can be blamed for much of the price spread. She demands washed vegetables, graded fruit, fancy containers, fast-frozen poly-wrapped creations which bear little resemblance to the original products of the field. And it all costs money that goes into the pocket of the processor, not the farmer.

Faced with a decreasing share of the consumer's food dollar, and rising production costs, farmers have only one way out — improve their production methods and decrease their costs.

TOO OLD AT 31

Although modern medical science has gone a long way toward raising the life expectancy of human beings, the promise of greater longevity is not without its hazards.

Already spry 65 year-olds are complaining they shouldn't have to retire so early, because they can still do a day's work. And men over 40, who are too old to qualify for pension plans and therefore have trouble finding jobs, are raising a storm because they're being discriminated against.

While physical well-being at 65 is one of the marvels of modern society, it doesn't guarantee one's mental outlook will be quite as contemporary. Anybody over 30 who has talked to a bright high school kid about modern problems is likely to be left with the feeling that old fogeys like himself are still living back in the Stone Age.

There's no way, unfortunately, of assuring that older people will be in tune with the times. Sudden great changes in modern society are apt to leave us all behind unless we make strenuous efforts to adapt.

The mental gulf between young and old seems to be widening at a time when physical differences are less than ever before.

Newfoundland First With Reflective License Plates

Automobile license plates that reflect light will appear in Newfoundland in 1966, reports the Canadian Highway Safety Council. Thus the newest province will become the first province in Canada to adopt light-reflecting plates. The Council stated that light-reflecting plates not only contribute to safety on the highway but assist law enforcement agencies by making license numbers more easily read at night.

The plates are clearly visible at night up to a distance of 1,500 feet and can be seen in fog, rain or other times of low visibility.

CHSC's 1965 conference at Winnipeg in May strongly recommended adoption of light-reflecting plates by all provinces. By 1966, the Council said, 26 states will be using the plates. The Council considers them a major step in road safety, quoting studies in areas where they are used as indicating reduction of night accidents by as much as 58 per cent.

Several other provinces are considering their use, but Newfoundland will be the first to introduce them in Canada.

Horticultural Society Enjoys Trip To C.N.E.

The Stirling Horticultural Society sponsored a successful bus trip to Toronto Exhibition on Monday, August 30th. The weather was just fine, not too hot for walking around, and everyone had an enjoyable day.

The gardens along the waterfront were a wonderful sight, especially after the daylight was fading and the coloured lights came on in the fountains. There were beautiful displays from numerous countries around the world and also of Canadian Industries, Agriculture and Horticulture, and, of course, the Midway, Aquarama and grandstand shows.

There was also some very good music from the bandshell, which made good listening while weary feet were rested.

All in all, everyone had a wonderful day and many thanks goes to the bus driver and also to the president, Mrs. Floyd Armstrong, for the work she puts into the organizing of these trips.

New Industry In Campbellford

The Polyventure Co. Ltd., formerly located in Peterborough, is in the process of moving to Campbellford, where they will occupy the building formerly known as the Pulp Mill. The company makes hydrofoil boats, sports car tops and various plastic and fibreglass items.

They have been established for 34 years in Peterborough, and it is our understanding that they are moving because the building they have been occupying has been sold.

The two principals of the enterprise, Lou Smith and Dick Delemere, together with several key men will move here at once. There will, we understand, be 12 to 15 men employed at first by the firm.

The industry was secured for Campbellford through the efforts of Mayor Tanner, D. R. Maybee, president of the Chamber of Commerce, and their Industrial Committees. — Campbellford Herald.

The Canada Pension Plan and its benefits

Here is what the Canada Pension Plan will do for people like Mary Todd, a 22-year-old nurse who earns \$310 a month (\$3,720 a year).

If Mary's earnings continue at this rate until she reaches age 65, she will receive a retirement pension of \$77.50 a month from the Plan plus \$75 a month Old Age Security.

Because Mary will have the opportunity of contributing for 43 years, she can have as many as 6½ years of lower or no earnings and still be entitled to the same pension.

Actually, Mary's retirement pension will undoubtedly be more. This is because as Mary advances in her profession and her earnings increase so will her pension. Furthermore, to ensure that all benefits under the Plan maintain their value, they will be adjusted to meet changes in living costs and wage levels before they are paid and changes in living costs after they become payable.

If Mary continues to work and becomes disabled at any time after 1970, she will be entitled to a disability pension of \$83.12 a month until she reaches age 65. From then on she will receive her retirement pension as well as \$75 a month from Old Age Security.

If Mary dies any time after 1967, having contributed until her death, a lump sum payment of \$465 will be paid to her estate.

What will the Plan cost you?

If, like Mary, you are employed and have earnings of \$3,720 spread evenly over the year, you will pay at the rate of \$4.68 a month. Your employer will pay the same amount.

This advertisement is one of a series which relates some of the important benefits of the Canada Pension Plan to individual circumstances.

Issued by authority of the Minister of National Health and Welfare, Canada,
The Honourable Judy LaMarsh.

Expect Weir To Be Rebuilt This Autumn

Harry Cooke, of Stirling, has been awarded the contract for rebuilding the weir (a small dam) on Crowe River, north of town, Carleton Place. Seymour Township's representative on the Crowe Valley Conservation Authority told The Herald last week. Mr. Cooke's tender price was \$8,600. Mr. Rowe said he expected the work would be undertaken this month (September). The weir is located downstream about a quarter mile from Crowe River Bridge, a popular summer picnic and swimming place, seven miles north of Campbellford by road. — Campbellford Herald.

Police Hunting For Mail Truck Robbers

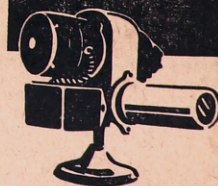

Police are searching for four men who, dressed as policemen, robbed a mail truck of \$700.00 of registered mail on Highway No. 7 early Friday near Omeme. The four stopped the Peterboro-to-Lindsay truck by placing flare pots on the highway.

They made driver Allan Gorrill, 24, drive down a country road and then forced him from his vehicle.

"One of them stood guard with his gun and another forced me to unlock the rear of the truck," Mr. Gorrill said.

The men rifled the truck and fled with one bag of mail after pushing Gorrill into the van.

Stirling Pee Wee's Defeat Marmora In Thriller

Stirling Pee Wee's came from behind a 9-5 deficit in the final inning to edge Marmora 11-9. Robert Cooke hurled a fine game for the winners as did Grant Bateman on the Marmora rubber.

Marmora scored three runs in the second and third innings, added two in the fifth and a single in the seventh. Stirling played runs with a single in the first, a four-run outburst in the third and the six-run rally in the seventh.

Dafco started the winning Stirling rally with a lead-off double. Cook struck out before Bedard singled; Utman did likewise, and Anderson walked, filling the bases. Then both Campbell and Farrell pulled off squeeze play bunts successfully before Spencer tripled in the game-winning runs.

World Travellers In Covered Wagon Stop Here

World travellers with their horse-drawn covered wagon and with 17,000 miles behind them, Mr. and Mrs. L. H. Gillis, of Richmond, Va., with their ten-year-old son, George, Saturday morning, stopped over in Stirling for breakfast at the Town & Country Restaurant, enroute to Montreal and the New England States. Their breakfasts consisted of "flapjacks" and sausages.

Fed up with the routine of daily life in their family-operated restaurant in Richmond, the Gillis family four years ago closed up shop and took to the open road with their big covered wagon and team of Percherons.

Since then, they have crossed the United States from coast to coast and from south to north, they have toured Mexico, taken a 13-month European tour where they visited nine countries, and are now swinging through southern Ontario enroute to the New England States.

Winters Hard

Although they have stuck it out for 12 months of the year during the four years which they have been on the road, Mrs. Gillis rather dreads another winter in the covered wagon.

"Can you keep the covered wagon warm?" she was asked.
"No," was the reply. "When it's zero outside, it is zero inside."

STIRLING HORTICULTURAL SOCIETY

If Lily-of-the-Valley plants have become overcrowded and flower rather sparsely, the entire bed should be dug up at this time and the larger pips or roots reset two or three inches apart and just under the surface. A feeding of Vigoro should be made after the leaves have died down to ensure a better bloom next Spring.

Legion Notes

Last night, Branch No. 228 held its regular September business meeting with some 30 members in attendance. Several important items of business were discussed and settled.

Various committee reports indicate that the Branch is active and making good progress in several areas. Reports were received from the following Branch officials: Finance, George Noble; Scouts, Elwood Wilson; Membership, Russ West; Welfare, Ray Tanner; Sports, Bert Bastedo; Poppy, Fred Heasman.

This Saturday, September 11th, the Branch will hold a work bee at the Legion Hall commencing at 1 p.m. All comrades who can spare an hour or two are asked to bring a round-pointed shovel. The work to be done involves a drainage problem to the north of the Legion Hall.

Plans and preparations for the annual Poppy Fund Campaign are going forward. Chairman Fred Heasman has been doing a great deal of work in this regard, and further details will be announced shortly.

Plans for a Ladies' Night and social evening are also being made for Saturday, September 25th. Once again, further details will be announced in the very near future. All members are asked to reserve September 25th.

We remind all Legion members especially of the important Pee Wee ball game this Thursday at the ball park. The Legion Pee Wees will entertain Consec in a play-off game for the Zone Championship. A good turn-out of supporters will help our boys. That's this Thursday at 8.15 p.m.

mer blooms and plants, attractively arranged in separate groups.

Products of farm and garden, including a variety of fruits, vegetables, grains and seeds, were also on display.

Ladies' Work

The ladies' work section was by far the largest exhibit, with the domestic science section running second in a number of individual items.

Lovely examples of clever and imaginative needlecraft were on display. Included in this division were ladies' men's and children's wear, a thrift division, and home craft sections, featuring quilts, rugs, cushions, crocheted tablecloths, doilies, embroidered and cutwork pillow cases, apron and towel sets, stuffed animals and pictures.

A public address system, set up on the grounds and operated by F. DeCarrol, Campbellford, gave splendid service and carried the announcements of events to all parts of the grounds.

Cheese Show

There was a large commercial cheese exhibit with district makers displaying cheese. Glen Anderson won the Sweepstake for the highest aggregate score in all classes.

School Section

It was in the agricultural building that the work of the junior department stood out. In addition there were the regular public school classes in drawing, writing and other school work. This exhibit attracted a great deal of attention and doubtless will continue to be a regular feature of the Fair.

Dance In

Fair Building

The programme was climaxed by a dance in the Fair Building at night. A large crowd was in attendance and thoroughly enjoyed themselves to music supplied by Geo. Wade and His Corn Huskers, Toronto.

Over 500 people from Stirling and district enjoyed this dance. Jack McCaughen looked after all the arrangements.

On Friday evening, members of St. Andrew's Presbyterian Church gathered in the church parlours to spend a social evening with Mr. and Mrs. T. D. Dodds, prior to their departure for Hartney, Manitoba, where Mr. Dodds has accepted a call to Hartney Presbyterian Church.

Mrs. S. Boyce and Mrs. O. Clapper favoured with a piano duet and Miss Rosa Spry showed coloured slides of her recent trip to England, Scotland and Europe. Mr. Tummon expressed thanks for these numbers.

At this time, Mr. Tummon invited Mr. and Mrs. Dodds to the platform and called on Mr. Earl Fox, who in a few well-chosen words expressed appreciation to Mr. and Mrs. Dodds for their guidance, friendship and helpfulness during their stay in Stirling. "While we regret their departure, it is our earnest hope and prayer that good health and happiness go with them."

Mr. Roy Eggleton made the presentation of a wallet and a gift of money, and wished them a safe journey to Hartney.

In replying, Mr. Dodds expressed appreciation for the gift and stated that the three years they spent in Stirling were happy ones and although they will be living in another province, they will always have fond memories of St. Andrew's Church in Stirling and invited all to visit them in their new home.

Lunch was served by the ladies and all enjoyed a social hour.

Spring Brook Are Stirling-District Legion Pee Wee Softball Champions

Spring Brook Pee Wees became Stirling and District Legion Pee Wee Softball League Champions and winners of the Major S. Fraser Trophy by defeating Stirling Legion by the score of 2-1 in their final game on Friday night.

The very close final game was played after 84 regular league games, a round robin series of 6 games to decide 3rd and 4th play-off positions between three teams, and 8 play-off games.

Although Rylstone lost their semi-final series to the Stirling Legion team, they deserve much credit for holding down first place throughout league play.

Spring Brook had a strong year, finishing in second place and then defeating Glen Ross in the semi-finals and then Stirling Legion in the finals for the league championship.

In the final game, Grant Bateman and Robert Cooke hooked up in a tight pitchers' duel which is evidenced by the score. Perhaps the big play of the final game was a fine catch of a line drive from the bat of Greg. Dafee by Freddie Redcliffe in the bottom of the last inning which stopped a Stirling rally before it really got started.

Although support by both ball enthusiasts and parents was often disappointing, fine ball was played throughout the year and great improvement shown by many players as the season ended.

Following the game, the Major S. Fraser Trophy was presented to team co-captains Grant Bateman and Bill Redcliffe by Legion sports officer Bert Bastedo and congratulations extended to Doug, Andrews and his

The ladies of the Catholic Women's League met on September 9th in the Church recreation rooms for the first meeting of the Fall season. The session opened with prayer, led by the director.

Following roll call, the President, Mrs. Ray Burley, thanked the members for their co-operation in catering to a wedding breakfast in June.

Halloway Farmer Killed When Pinned By Tractor

A 75-year-old Halloway farmer died Tuesday, September 7th, when his tractor rolled and pinned him beneath, outside his home on the Madoc county road.

Believed instantly killed was Ambrose Bleecker Wright, R.R. 2, Halloway.

Mr. Wright, who had farmed on the

property all his life, was cutting long grass on a terrace outside his home when the accident occurred. Exact cause of the fatal mishap is not known, say police.

Mr. Wright was found dead under the tractor by his son, Charles. Police said Charles Wright recently lost part of his arm in the tractor's power take-off. He was released from Belleville General Hospital August 30th.

Mr. Wright was the son of the late Mr. and Mrs. Charles Wright, and was predeceased some years ago by his wife, the former Ruby Eleanor

Wilson. He was a member of West Huntingdon United Church and Halloway L.O.L.

He is survived by two sons, Charles, at home, and Donald Wright, of Belleville; two daughters, Mrs. Merle (Mona) Robinson, Corbyville and Mrs. Gordon (Helen) Kennedy, Halloway and one brother, Clayton Wright, Halloway.

Wins Ford Prize at C. N. E.

Shorwin Stapley, of Campbellford, won the trophy for the best Brass Radiator Model T. Ford at the Canadian National Exhibition in Toronto on Tuesday last. This is the second year in a row that Mr. Stapley's car has received this award which is given by the Ford Motor Co. It is a 1911 model.

Mr. Stapley's car is a familiar sight in the Campbellford area. He

has done much of the work himself in restoring the car in his own body shop. It has the appearance of a brand new automobile and runs perfectly. — Campbellford Herald.

along the theme and closed with prayer.

The offering was gathered by Julie Russett and dedicated by Mrs. Dracup.

During the business, fifty dollars was advanced to the General Fund, making a total of \$300.00 for the year.

The roll call was answered with a Bible verse containing "teacher".

The programme, arranged by Mrs. Clancy was as follows: reading, "The Kite", by Mrs. Seeley; a reading, "The Rainbow of the Trees", by Mrs. Douglas Clancy; a solo, "My Task", by Mrs. Gerald Russett.

Mrs. Jim Pollock gave the chapter from the Study Book on Education in Trinidad and stated that there are 35,000 children of school age who have never been registered for school and some 6000 who passed entrance into secondary schools and cannot continue as there are not enough schools to accommodate them. The study ended with each member trying an examination from a paper a pupil 13-years-of-age would be expected to pass in Christian education.

After extending thanks to the hostess and everyone taking part, Mrs. Dracup closed the meeting with a hymn and The Lord's Prayer.

Refreshments were served by the committee in charge.

WHAT HAPPENED TO SUMMER?

Nights are becoming rather cool. Not that they haven't been cool enough lately, but there's a feeling of something different in the air. The trees are already beginning to show the effects of frost. Fields are beginning to take on that brown tinge which is decidedly unpopular with so many. It brings thoughts of that Fall house-cleaning "spree" that will soon be the chief delight of the lady of the house. And when that time comes, it's just too bad for the rest of the family.

Little Johnny finds that those Saturdays which he could really enjoy, because he doesn't have to go to school, are about to be spent on jobs around the house, or picking up odds and ends that he has left here and there during the summer vacation. Dad will find that a lot of things he could usually find just when he wanted them, have been put into winter quarters.

Yes, it's getting pretty close to Fall. Fishing is just about over. Even hear the boys around town talking about hunting. That means they're thinking of snow. Oh, dear! Guess maybe summer's pretty well over.

It's too bad so much of our lives has to be spent earning a living, instead of living.

There are no shortcuts to success. But some people do manage to avoid going the long way around.

River Valley W.I. Tours The Mallory Apiary

On September 2nd, fourteen members of River Valley Women's Institute and three children gathered at Ray Mallory's Apiary, Frankford Road, for a special tour of the plant.

The group was welcomed by the owner, Ray Mallory, and they first visited the hives of bees outside the building. The group then visited the boiler room where hot and cold water are available. In the main room, large drums are used to store the honey until it is packed in containers ready for shipment to Toronto. Five stores in this area are also supplied with honey in various size containers. Comb honey is also available and is arranged in small packages.

The storage room contains the cartons ready for shipment and the feeding crates which are used during the winter months. The cold storage room is kept very cold where special supplies are stored. A large shipment of cakes of wax are ready to be forwarded to Montreal. In the processing room, the three assistants were introduced and here the ladies viewed the processing of the honey as it was taken from the comb.

Mr. Mallory gave a very illuminating and informative message explaining the many phases of the honey industry. He said honey bees are very necessary for farming as they pollinate fruits and vegetables. Some weeds are very attractive to the bees. Honey should be stored in a dry place at a room temperature of 70 degrees.

Mrs. Ernest Carr voiced appreciative thanks for the enjoyable tour and Miss Joyce Carr made the presentation of a small memento of the occasion. The recipient voiced thanks and stressed the motto "Eat Honey".

Mrs. Clarence Chard was hostess for the Institute meeting with one more member in attendance, as she did not take in the tour.

The president, Mrs. Glenn Bush opened the meeting in the usual manner and Mrs. Roy Tucker presided over the programme. She read an article pertaining to seven phases of Institute work.

Each member displayed an article of interest which had been made in Canada as this meeting was centred on Canadian Industries.

Mrs. Ross Holland read an interesting paper on the theme, "He who never makes mistake never makes anything", and closed with the thought "If at first you don't succeed, try, try again. They who keep on trying, have made the world's best men."

Mrs. Ernest Carr presented the reports of both secretary and treasurer.

Mrs. Glen Bush thanked all those members who assisted with the anniversary supper for Mr. and Mrs. Claude Tucker and their donation for expenses was handed in to the treasurer.

Three reports were given as follows: Agriculture, Mrs. Allen McDonald; Education, Mrs. Vernon Harry and Historical, Mrs. Sheldon McIntosh.

Mrs. Percy MacMullen, Public Relations Officer, displayed the Souvenir Conference issue of the Countrywoman Magazine. The A.C.W.W. Triennial convenes in Dublin, Ireland, September 14th to 24th.

These books will be available at The Trent Valley Area Convention held at Club Canara, November 25th and 26th. All proceeds will be forwarded to England to be used for the Pennies for Friendship Fund. This fund is very necessary to help carry out the worthwhile projects which cover a wealth of friendship in many lands.

Mrs. Roy Tucker, A.C.W.W. convenor, read a special article dealing with work among psychiatric hospital patients and Institute branches in England, United States and Australia. At one large mental hospital in South Brighton, England, the Institute members are in charge of an Arts and Crafts class.

Miss Joyce Carr gathered the Pennies for Friendship, Mrs. Roy Bush told of the value of used stamps to assist a leper camp.

Mrs. Sheldon McIntosh will be hostess on October 7th at 2 p.m. and the District President, Mrs. Leslie Finkle, will pay her official visit.

It is expected that Hastings County Historical Society will convene on Monday evening, October 18th at River Valley School House and that Mr. Charles Pearce will be the guest speaker.

A renewal of a five-year subscription to the Countrywoman Magazine was approved.

The Senior project "Hats for You" will be held in Stirling, October 21st and 22nd with Mrs. Vernon Harry

and Mrs. Ross Bush as leaders.

The hostess and lunch committee served refreshments and Mrs. Alex Bush voiced thanks to all who had made the afternoon a success.

Wellman's

(Mrs. Victor Graham)

Mrs. Malcolm McMullen and Mrs. Clarence Douglas, of Stirling, and Miss Mabel Sharp, of Kingston, were supper guests on Wednesday with Mr. and Mrs. Jack Sharp and children and Mrs. Paul Sharp. They also called on other friends at Wellman's.

Mr. and Mrs. Reg. McQuigge and Wayne, of Peterborough, visited Saturday with Mr. and Mrs. Russell Johnson and Miss Jean Horst.

Hastings Council Approves Pact For Four-County Jail

Hastings county council last week gave formal approval to a four-county agreement leading to the construction of a new central jail proposed for the Napanee district.

The new central jail, to be called the Quinte Regional Detention Centre, would serve the four counties of Hastings, Prince Edward, Lennox and Addington and Frontenac.

Cost of the proposed new central jail after government grants, is estimated at \$700,000, of which Hastings would be responsible for about 40 per cent, or around \$280,000.

It is expected capital costs to the local municipalities will be based on a daily use basis in which case Belleville and Trenton would pay about 70 per cent of Hastings' share, leaving the county to pay around \$84,000.

First To Approve

Hastings is the first of the four counties to formally approve of the central jail agreement although approval is expected from the other three counties within the next few weeks.

Membership on the central jail's board would be two members from the four counties, with Hastings as the largest county, having one ad-

MEASLES AND THE TELEPHONE

Everybody knows that measles bring spots, but how many people know that measles brought the first telephone numbers into use?

Way back in 1879, when a measles epidemic hit the town of Lowell, Massachusetts, a local physician named Dr. Moses Greeley Parker realized that if the town's four operators came down with the measles, telephone service would come to a halt.

Dr. Parker suggested that numbers be used instead of the names of the 1200 Lowell subscribers, so that substitute operators, if they were needed, could learn to operate the exchange as quickly and easily as possible.

We're not told whether or not the regular operators ever did come down with the measles, but we do know that numbers have been a very important part of telephone service ever since.

THE DIRECTORY AND THE TELEPHONE

Early day telephone directories were usually just lists of people in town who had telephone service, with an explanation of how to crank the phone to get the operator's attention. But not anymore! The first few pages in today's phone books are filled with lots of useful information: numbers to call in emergencies, for telephone repair service, for assistance on calls, and to order new services or changes. They give instructions for speeding your Long Distance calls, and a list of Area Codes. These "how-to" pages are there to help you get top value from your telephone service. And that's a pretty good reason for using them!

TYCOON-TO-BE

Here's a little story that should warm the heart of any Stirling businessman:

A small-town boy went into the neighbourhood drug-store to use the pay phone. The druggist could not help overhearing the lad's side of the conversation, and it was a model of smooth salesmanship.

"Dr. Jones? Doctor, do you need a hardworking boy to take care of your lawn? Oh, you already have a boy. Is he good... I mean does he really know his job? Are you satisfied with his work? You are? OK then... thanks anyway."

The druggist couldn't help expressing his regret. "Too bad, Jim. Sorry you didn't get the job."

"Oh, I already have the job," was the cool answer. "I was just checking up on myself!"

ditional member.

County clerk treasurer Carl Bateman told council that the four counties were expected to go ahead with the central jail whether or not Kingston was included. He said Kingston had been told by the reforms department that it could build its own jail facilities.

Three county members appointed to central jail's board are Stirling Reeve Don Rodgers, Tyendinaga Reeve Charles Long, and Thurlow Deputy Reeve Carl Thompson.

Larry Langlois Retires As County Engineer After 27 Years Service

Retiring as Hastings county roads engineer after 27 years on the job, Mr. Larry Langlois last week recalled early days with the county and made a few prophecies regarding expected changes in the future.

"There have been tremendous changes (in roads construction and maintenance) in the past 27 years

and changes can also be expected for the future," he said.

One of the changes which Mr. Langlois expected was the development of some kind of atomic energy which would melt the snow and completely eliminate the necessity for snowplowing.

In the early days the county did its own stone crushing and a day's production of anything near 100 yards was considered a good day.

Buys Crushed Rock

Now the county buys its crushed rock and nothing is thought of applying 1,000 yards in a day.

He expressed his appreciation for the fine co-operation of county officials and trusted his successor would receive the same courtesy.

The new county engineer will be Peter Anderson, currently assistant engineers with the county, who came to the county two years ago from the Ontario Department of Highways. The necessary by-law for Mr. Anderson's appointment will be before the council at the current session.

New Bridges Planned

Pre-cast concrete in bridge construction will be used for the first time by the county in the construction of

Waddingham's Bridge over the Salmon River in Tyendinaga Township. Wilson Concrete in Belleville were the successful bidders for the four pre-stressed concrete beams.

A new bridge is also planned for the village of Stirling, this to provide a 24-foot roadway with a five-foot sidewalk.

The roads committee report said the grading contract for 1.73 miles of the No. 4 development road project south of Frankford was all but completed.

Design work on the second section of the road has been completed and

negotiations are going ahead for the 60 parcels of land required for road widening.

Showers For Miss Lois Morrow

On Tuesday evening, September 7th, a surprise linen and kitchen shower was held in honour of Miss Lois Morrow at the home of Mrs. Glen Floud, with co-hostesses, the Misses Gail and Barbara Morrow.

Corsages, given by Mrs. Edgar Morrow, were presented by the hostesses

to Lois, and to her godmother, Mrs. J. B. Belshaw, and also to Mrs. Lorne Hagerman, mother of the groom.

Thirty-five girl friends of the bride-to-be enjoyed an evening of games and contests, after which Lois was seated in a chair, nicely decorated with pink, white and blue streamers and bells. Miss Barbara Morrow read an address on behalf of those present and the gifts were presented in a pretty wishing well.

Although the shower was a complete surprise, Lois sincerely thanked all her friends and relatives for their gifts and good wishes and invited everyone to visit her in her new home on Wednesday, September 8, for were taken of the bride in her beautiful "Bonnet of Bows", arranged by Misses Judy Cooney and Sharon Burkitt.

"For She's a Jolly Good Fellow" was sung and a dainty lunch was served by the hostesses.

Mrs. Ed. Heasman and her daughter, Maria, opened their spacious home on Wednesday, September 8, for a miscellaneous shower in honour of Miss Lois Morrow, with Mrs. Ernest Carr, Mrs. Harry Morrow, Mrs. J. L. Donohoe and Mrs. J. R. Donohoe as co-hostesses. There were ninety-two ladies present.

The home was beautifully decorated with pink and white streamers, bells, candles and summer flowers.

The bride was given a seat of honour, decorated for the occasion, and was presented with a corsage by Miss Maria Heasman.

Mrs. J. B. Belshaw, godmother of the bride, was given a seat of honour and was presented a corsage by Mrs. J. L. Donohoe.

Mrs. Lorne Hagerman, mother of the groom, was presented with a corsage by Mrs. Ernest Carr. These lovely corsages were all made by the bride's aunt, Mrs. Edgar Morrow.

Mrs. Heasman was chairlady for the programme which opened with community singing with Mrs. Phil Conley at the piano. Readings were given by Mrs. Ernest Carr and Mrs. Roy Bush. Musical numbers were presented by Miss Cheryl Utman and Mrs. Glenn Brooks. A number of bingo games were played with Mrs. Harry Morrow and Mrs. J. R. Donohoe conducting the games. Miss Jean Donohoe conducted a game in which several ladies received a box which finally ended up as a gift to the bride and was filled with many useful items.

Miss Maria Heasman read the address to Lois, on behalf of all those present, and Miss Joyce Carr and Miss Judy Donohoe brought in a lovely, decorated basket, topped with a pretty umbrella and numerous bows, which had been put on by Miss Judy Cooney.

After a long session of opening the beautiful gifts, the bride thanked her guests for the gifts in her lovely and cheerful way, and asked them to visit her in her home at Oshawa.

Flash pictures were taken with the lovely umbrella at her side and all sang "For She's a Jolly Good Fellow". A lovely luncheon was served by the hostess and co-hostesses, with girl friends assisting.

Lois was also presented with two large boxes filled with items for the pantry shelf.

All departed from the Heasman home with the feeling that a lovely evening had been spent with the bride, and wishing Lois all the happiness in the future that is due to her, and thanking the hostess for the lovely evening.

The Canada Pension Plan and its benefits

Here is what
the Canada Pension Plan
will do for people like Joe Costello,
a 52-year-old unmarried labourer
who earns \$50 a week.

If Joe continues to work full time until age 65 he can look forward to retiring with a monthly pension of \$54.16 from the Canada Pension Plan and \$75 from Old Age Security—a total of \$129.16. That's almost 60% of what he was earning.

If he is ill or out of work for as long as two years, or if his earnings for a period of up to two years are below his regular wage, he will receive the same pension at age 65. This is because under the Plan a certain number of

months of low or no earnings do not affect the amount of the pension.

If Joe wishes to continue working between 65 and 70 and earns higher wages than previously he can improve his pension. For example, if he works until age 69 and earns \$3,600 a year, his pension will be \$61.74 a month instead of \$54.16.

If Joe becomes disabled after 1970, having contributed for at least 5 years, he will get a disability pension of \$65.62 a month until he gets both his retirement and Old Age Security pensions at age 65.

All benefits under the Plan will maintain their value. The actual benefits payable will probably be higher than those given here since benefits will be adjusted to meet changes in living costs and in wage levels before they are paid and changes in living costs after they become payable.

What will the Plan cost you?

If you, like Joe Costello, are employed and have earnings of \$2,600 spread evenly over the year, you will pay at the rate of 69¢ a week. Your employer will pay the same amount.

This advertisement is one of a series which relates some of the important benefits of the Canada Pension Plan to individual circumstances.

Issued by
authority of the Minister of
National Health and Welfare,
Canada,
The Honourable Judy LaMarsh.

Chase Ends In Stirling Youth Held

A young Belleville man was arrested for dangerous driving on Friday night after a chase along county roads ended in Stirling.
The pursuit began on Pinnacle Street in Belleville when police tried to halt an automobile.
Provincial police erected a roadblock near Stirling in an attempt to halt the wanted car.
Taken into custody was 23-year-old Garrit Wolvers.

Ask Research On Sight Lines On New Lower Cars

Are Canadian highway design standards proper for today's long, low-slung automobiles?
Do the improvements made in the last 20 years in automobile performance characteristics compensate for any loss of visibility over hill-tops?
These, and other questions on highway design and road-building material qualities, are given top priority in a review of road research needs prepared by the Canadian Good Roads Association.
The associations have published a pamphlet listing 44 problems which should be tackled, dividing them into three categories of priority.
In the top-priority class is the need for fresh research on the question of sight lines for motorists approaching the crest of a hill.
Present standards are based on the characteristics of automobiles of the 1940's. Sight lines are based on measurements taken 4 1/2 feet above the road surface, assumed to be the height of an average motorist's eyes as he sat at the wheel of his car.
But the average car on the road today is lower. The good road association wonders to what extent this affects sight lines, and whether greater speed and braking power enter the picture.
Another top-priority item is finding means to counter the deterioration of bridge decks and super-structures caused by de-icing salts. The solution may be in better bridge design, improved bridge-building materials, or use of some other method of cutting ice on bridges.
The association says research is needed on the cause of cracks in bituminous pavements rather than those caused by the traffic load. It wants studies made of the effect of temperature changes, frost action and sub-grade soil conditions.

On Friday evening, September 10th, seventy-five relatives and friends gathered at the home of Mr. and Mrs. William Jeffs, Mount Pleasant, on the occasion of their twenty-fifth wedding anniversary.

Guests were in attendance from Oshawa, Campbellford, Lindsay, Picton, Petherick's Corners and surrounding area.

presentation of a platform rocker and two stacking chairs. The immediate neighbours presented a coffee table and matching set table. The honoured couple also received a large array of individual gifts and cards of congratulations. Numerous flash pictures were taken as souvenirs of the occasion.

The nieces and nephews served refreshments and all enjoyed a happy social hour.

Mr. Jeffs is a son of the late Mr. and Mrs. Fred Jeffs and Mrs. Jeffs was the former Cora Petherick, daughter of Mr. William Petherick, of Campbellford, and the late Mrs. Petherick.

Appeal For Funds For Work For Blind

Quietly throughout the year, The Canadian National Institute for the Blind, through its local Field Secretaries, its blind Home Teachers and its Hastings County Advisory Board, carries on its programme of services for the blind and the prevention of blindness. Because of the highly

personal nature of such services, there cannot be much fanfare. However, the more than sixty-five blind of Hastings County (excluding Belleville and Trenton) are visited regularly by the Field Secretaries to discover needs and arrange for services. Instruction is given in Braille, typing and crafts to those who can benefit from these skills. Seven Hastings blind are living in C.N.I.B. homes for the blind. Adjustment and employment training courses at the Institute's National Training Centre are available and each year changes and

improvements are being made. This year the C.N.I.B. is in the process of changing its talking book service from disc records to tapes, which is an added financial burden.

It is better to prevent blindness than to provide services after needless loss of sight and this is certainly more humane and more economical. This is why the C.N.I.B. engages in an active prevention of blindness programme in educating the public in proper eye care through school talks, pamphlets and films; in arranging eye examinations and in providing eye glasses for those unable to provide these for themselves. Every year, operations and treatment are arranged. The Eye Bank of Canada and the Wise Owl Club, sponsored by the C.N.I.B., assist many in gaining or preserving good vision.

While this double-barrelled programme is carried on quietly, funds are needed to maintain and expand these services. Therefore, each year in September, the Hastings County Advisory Board appeals to the people of the County for the money which must be provided to keep these ser-

vices available. The appeal is sponsored by the Advisory Board with the co-operation of local Board members and with the active assistance of volunteer canvassers in each community.

In Stirling, Mrs. C. B. Rollins, the local Board member, is planning the appeal in this community with the support of many canvassers. The appeal is being held from September 27th to October 9th.

Rylstone UCW

The United Church Women of Rylstone Church held their September meeting at the home of the pastor's wife, Mrs. Gordon Apps, at the manse in Spring Brook, on Wednesday afternoon. There was an attendance of nine ladies and Mr. Apps. Mrs. Wilfred Spencer, president was in charge of the devotional part of the meeting, including the meditation and prayer. Mrs. Lloyd Anderson and Mrs. Jack Spencer gave the Scripture selections. The hymn, "O Speak to Me, That I Might Speak"

was sung and Mrs. W. Spencer led in a responsive prayer.

Mrs. Clarence Thomson gave the Bible Study. A Bible verse beginning with each member's initial was the roll call. A traveling basket to be passed among the neighbours, is now at the home of Mrs. W. Spencer.

Mrs. Austin Dunk was convenor for the balance of the programme which included readings, "How To Go To Church", by Mrs. Dunk and "How To Get Fat and Healthy", by Mrs. Ross Dickie. A contest on Bible names was conducted by Mrs. Austin Dunk. The meeting closed with the Mizpah Benediction and lunch was served by the hostess and lunch committee.

The October meeting will be held at the home of Mrs. Ray Stewart. The roll call is to be "A Clipping on Trinidad or Brazil". Mrs. Wm. Donaldson (nee Jean Stewart), a former Rylstone girl, and her friend, will put on a demonstration. Mrs. Clarence Thomson and Mrs. Lloyd Anderson will be programme and lunch committee.

Stirling Golden
Hawks Win
Exhibition Game

(By Bill Baker and Les Pyear)
Barry Pyear, rookie quarterback of the Stirling High School Senior Football Team, spearheaded his squad to a well-earned 12 to 7 victory over Madoc last Friday.

The team made a total gain of three hundred yards with Ken Smith leading the attack with 140 yards, closely followed by Ted Reid and Peter Bosiak, the scorers of the game. The defense should be credited for limiting the Madoc attack with Ross McIntosh intercepting three passes.

Rylstone W.I.

Mrs. Gerald Petherick was hostess to Rylstone Women's Institute on Wednesday, September 8th, at the Sunday School room of Zion Church, for their September meeting. It was the historical research meeting and two highlights of the meeting were the choosing of a name for the Centennial project. The name chosen is to be "The Rylstone Women's Institute Centennial Park". The other interesting item on the programme was the History of S.S. No. 2, Petherick's Corners School, which was

ably given by Mrs. Bill Petherick, who also had old books and records on display. The school is 100 years old.

The Institute Ode was sung and the Creed recited. The roll call "Name an Old-Fashioned Utensil and the Modern Version of It Today" was well responded to. A letter was read, stating the Institute would be unable to get the short course "What's New in Home Furnishings", this year. Mrs. Don Kerr and Mrs. Stanley Kerr were appointed as leaders to attend a training school in Stirling in October on "Hate For You". Because of a very busy schedule

for the ladies of the Institute and the Fall Fairs, it was decided to withdraw the October meeting.

Mrs. Stanley Kerr gave some interesting current events. Mrs. Carl Linn was convenor for the meeting and thanked Mrs. Petherick for her splendid research work on the 100-year-old school.

The meeting closed with the National Anthem and lunch was served by the hostess and her committee, Mrs. Carl Reid and Mrs. Don Kerr.

Civilization can be measured by the degree of helplessness when the electricity goes off.

Salem UCW

The September meeting of Salem U.C.W. was held Thursday evening in the Church Hall with a good attendance. Mrs. F. Lebow was hostess.

The president opened the meeting with a poem, followed by the theme hymn and prayer. Mrs. Thompson extended a welcome to all. The roll call was answered with a donation to the Flower Fund. Mrs. Tom Clements reported for the sick committee. Some correspondence was read. The U.C.W. Rally at Scott's Church on September 30th was announced. Birthday money was collected by

Mrs. H. Holden.

Mrs. Everett Sine then took charge of the programme and opened with a poem entitled, "A Thought for Today". Mrs. Ivan Saries presided over the devotional, using as the theme, "Royalty". A hymn was sung. Mrs. Mel Wickens read the Scripture lesson and Mrs. Saries offered prayer. Mrs. Harold Holden gave the meditation. Readings were given by Mrs. Cecil Carter and Mrs. F. Lebow. Mrs. Lindsay Tanner gave a chapter of the Study Book.

Mrs. Orval Jackson expressed thanks to the hostess and all who had helped with the programme. The col-

lection was received. A hymn and the Benediction closed the meeting. Mrs. Lebow and her assistants served lunch.

The Canada Pension Plan and its benefits

Here is what the Canada Pension Plan will do for people like Huguette Samson, a 22-year-old married woman who earns \$56.50 a week.

Huguette and her husband, who is earning \$4,200 a year, hope that Huguette will work for a few years before family needs require her attention full time.

Assuming that Huguette does just this, her contributions to the Plan will benefit her in several ways. For example, if she works only for another five years, at age 65 she will receive a small retirement pension of \$8.38 a month in addition to her \$75 a month Old Age Security.

Through her husband's contributions to the Plan, should he die when they have three

young children, Huguette would receive a widow's pension of \$57.81 a month plus \$25 a month for each child—a total of \$132.81 a month. She would also receive a lump sum payment of \$500.

At age 65, based upon both her own and her husband's contributions she would receive a pension of \$57.53 a month plus \$75 a month Old Age Security—a total of \$132.53.

If she decided to supplement her income at any time by returning to work, she could still receive the widow's and orphan's benefits, could substantially increase her retirement pension, and could also ensure her entitlement to a disability pension if she became disabled.

All benefits under the Plan will maintain their value. The actual benefits payable will probably be higher than those given here since benefits will be adjusted to meet changes in living costs and in wage levels before they are paid and changes in living costs after they become payable.

What will the Plan cost you?

If you are employed and, like Huguette, have earnings of \$2,938 spread evenly over the year, you will pay at the rate of 81¢ a week. Your employer will pay the same amount.

This advertisement is one of a series which relates some of the important benefits of the Canada Pension Plan to individual circumstances.

Issued by authority of the Minister of National Health and Welfare, Canada, The Honourable Judy LaMarsh.

Second 3-game winner was a Brighton entry of Sam Nettley and Mrs. James Hulin, with a count of 40. Two-game winner went to a Trenton team of Mr. and Mrs. Larry Chouinard with a score of 47 plus 3. For one win, another Trenton couple, Mr. and Mrs. Clayton Mitts, were high scorers, with 39 points.

CN Machinist Dies Instantly In Car Crash

A 51-year-old Belleville man died early Sunday morning when his car drove across a highway intersection and crashed in a ditch outside Foxboro.

Believed instantly killed was Foster Ian Twiddy, 78 Benjamin St., Belleville. Mr. Twiddy was the father of Mrs. Chas. Reynolds.

Mr. Twiddy was driving south along the old section of Highway 14 when the accident occurred. Police say his car did not stop at the intersection with the new stretch of highway, which now bypasses Foxboro. It continued across the road and into the ditch. There were no skid marks.

The wreck was first noticed by a passing motorist, who called the provincial police in Belleville at 3 a.m. Born at Madoc, Mr. Twiddy was the son of Mrs. Mabel Twiddy and the late Mason Twiddy and had lived in Belleville for the past 24 years, where he was a machinist with the Canadian National Railways.

Entered Into Rest GEORGE GIFFORD

Resident of the Stirling area for the past eight years, Mr. George Gifford, died suddenly on Monday at his home, 26-A Front Street, Stirling. He was in his 69th year.

Born in Huntingdon township, he was the son of the late Mr. and Mrs. Charles Gifford. He had previously lived at Consecor.

A veteran of World War I, he served overseas with the Canadian Army and was a member of the Stirling branch of the Royal Canadian Legion. He was a member of the Anglican Church.

He is survived by his wife, the former Ruby Geraldine Crawford, five step daughters and two step sons. A brother predeceased him.

The funeral will be held Thursday from the MacKenzie Funeral Home at Madoc, at 2 p.m. Rev. J. H. Thompson will officiate. Interment in Lakeview Cemetery.

Public Library Board Meeting

The Stirling Public Library Board met on September 14th, with the following members present, Mrs. D. Patterson, Mrs. B. Glendinning, Mrs. G. Bailey, Mr. W. Camm and Mr. D. Rodgers. The minutes of the previous meeting were approved.

The following business was effected: Any trustee free to attend the Trustees' Workshop in Peterborough on October 9th, is urged to do so. The librarian is also to attend. The memberships to the Ontario Library Association are to be paid. The treasurer was authorized to pay current outstanding accounts. An old set of Encyclopedia Americana is to be sold. Any "Canadiana" useful to the collection being made at Trent University is to be donated to that institution.

Mrs. Bailey, through the summer, had gathered the history of Stirling Public Library from Mrs. H. H. Alger and this history is now on tape in Mrs. Alger's voice. A typewritten copy of this history will be kept in the library files for the enjoyment of the public.

The three desks at the library are to be incorporated into one compact working unit and a committee of Don Rodgers, chairman, Mrs. D. Williams and Mrs. G. Bailey, is delegated to attend to this improvement.

The next meeting will be held on November 2nd, at 7.30 p.m.

The Good Driver

Twilight is a time of special danger to drivers and pedestrians. Shortening days catch more home-bound motorists in the twilight trap. It takes practice and super-alertness to drive safely through the treacherous early evening hours. The Ontario Safety League suggests you drive slower when daylight begins to fade. Be especially alert for pedestrians — at this time of day, their distance vision is also impaired. Allow more time for passing other cars, to allow for possible misjudgment. And put on your headlights early — before it seems necessary.

Students From Local High School Enjoy Excursion To Stratford

Thirty-three students from the senior grades of the local High School started out shortly after seven Saturday morning, September 18th for Stratford, Ontario. It was planned as an all-day trip so that the students could be present in the Stratford Festival Theatre for the performance of Shakespeare's play, Julius Caesar. The trip was planned by the English department of the school and was generously supported by the Stirling-Rawdon District High School Board as a school excursion with an educational purpose.

Any student of Grade 11, 12 and 13 who wished to go was included in the excursion, and the enthusiastic response of the students to what some people may think of as "uninteresting Shakespeare" made the teachers who accompanied the Stirling students rejoice greatly.

Theatre Filled To Capacity

Can our readers imagine a theatre that can seat 2,258 persons filled almost to capacity on a Saturday afternoon in September with an audience made up ninety-five per cent of students? It was an expectant audience but not a restless one. It was a responsive audience but not an untutored one. It was a youthful audience but one of which any adult could be proud. For a few minutes before the play started, we Stirling visitors whose seats were in the gallery had time to marvel at the grand sweep of the auditorium with its ceiling specially designed for the best acoustical effects. For this particular performance, all seats in the theatre were \$2.50, but some of our group were fortunate in getting front row \$5.00 seats. All of us, however, had excellent positions for seeing the fast-moving action, and the actors made sure we heard the lines distinctly.

Those of us who did not respond to the musical quality of the poetry — and unfortunately so often our school-room presentations of Shakespeare of necessity cater particularly to the musically-gifted — could concentrate on several other aspects. For some it was the costumes of beautiful colours and very varied in type. There was the poor cobbler with the perceptive mind but in need of a patch for one of the knees of his trousers. There was Calpurnia, the wife of Caesar, a youthful blond with bead-encrusted gowns fitting for one whose husband was to be crowned king of Rome. There were the generals and soldiers of the opposing armies with banners of bright colours that contrasted with the greyness of the backdrop.

For others of our Stirling party, the action of the play was what made going to Stratford such a rewarding experience. One student from another

school, speaking in the informal question period after the play was over, surprised many when he asked Bruno Gerussi, who played Mark Antony, about what appeared to him as the aimless movements of the actors on the stage. The rest of us were held in amazement by the skill of the performers in moving so fast without any mishaps. Can you remember the mob scenes of Julius Caesar or the battles that occurred after the murder? These were done expertly by the Stratford actors.

Sound Effects Very Realistic

We have spoken of costumes and actions. In addition there were the numerous sound effects — starting with the trumpeters who made sure we got into the theatre on time and the music for the procession as Caesar first came on stage. We were treated in the theatre to a full-fledged thunderstorm with lots of lightning about the time our families, back in Stirling, have been told, were being given one by nature?

Of course, despite the above features, it was really what the actors said that mattered, and how skillfully these trained actors with a love for their work "recited" their lines! Bruno Gerussi stated that he does not memorize in the same way that students do their prescribed memory work selections, but that the lines are learned gradually as the play is rehearsed during a period of seven to eight weeks before the first performance. He reminded his youthful audience that usually he is rehearsing three plays at the same time. Mr. Gerussi looked only in his early twenties, but had taken part in Julius Caesar when it was produced at Stratford about ten years ago.

Enjoy Picnic On Banks of Avon

Prior to the performance, the Stirling students enjoyed a picnic lunch in the park adjacent to the Festival Theatre. Some lost parts of their sandwiches as the swans on the Avon River had such good appetites. Most students made a visit to the island artificially placed in the Avon River and joined to the mainland by a picturesque bridge. The weatherman was co-operative in providing ideal conditions for the camera fans.

Mr. Franklin Smith, the bus driver, varied the route taken on the return journey somewhat so that we had a chance to pass through the village of New Dundee in a part of Waterloo County in which Mennonites had settled in large numbers. This was followed by supper at a service centre near Kitchener. On arrival in Stirling at about eleven p.m., it seemed like the end of a "perfect day".

Official Opening Oak Hills Flying Club Held Sunday Afternoon

1500 Spectators Attended Ceremonies and Skydiving and Aerobatic Displays

Although the weather was anything but favourable, some 1500 spectators braved the cold, raw winds Sunday afternoon to attend the Official Opening of the Oak Hills Flying Club, south of Stirling.

They were treated to a display of private aircraft arranged alongside the landing field, skydiving, and aerobatics.

The Oak Hills Flying Club, which has about 50 members and about 12 aircraft at present, was declared officially open by Frederick Beckett, Warden of Hastings County and reeve of Rawdon Township.

Other officials who took part in the opening ceremonies, were flying club president, Allen Lawes, Stirling; flying club member and reeve of Stirling, Donald W. Rodgers; Lee Grills, Progressive Conservative candidate for Hastings South in the present federal election campaign, and Clarke T. Rollins, MLA for Hastings East.

Mr. Lawes welcomed all. He said the flying club, organized in May, 1964, was proud of its achievements so far. A total of 600 flying hours had been logged by club members in the past year, he said.

Mr. Lawes said the flying club had big plans for the future, including the construction of a north-south landing strip, once the money becomes available.

Student training is carried out under the sponsorship of the Prince Edward Flying Club, said Mr. Lawes.

Mr. Grills congratulated those responsible for the flying club's progress. The PC candidate, commenting on the present election campaign, said it would maybe be a good idea "if you keep a plane warmed up here as some of us might wish to get around the country in a hurry in the future."

Mr. Rollins said it was a pleasure to be at the flying club's official opening, and congratulated it on the interest shown and progress. Mr. Rollins said he also brought greetings and congratulations from Mr. Elmer Sandercock, the local provincial representative. He said he in addition brought greetings from the provincial government.

Mr. Beckett congratulated the flying club on behalf of Hastings County Council, and wished the club much success, as he declared the flying club officially open.

About 15 private aircraft were seen at the official opening.

A display of aerobatics was performed by an aircraft from Peterboro and spectators also saw a display of skydiving by two parachutists of the Prince Edward Skydiving Club.

Greg. Dafeo's Daffy Ducks were 3 to 2 winners over Mike Hunter's Cold Chops, with very close scores here, too. All signs point to some real keen competition.

For the boys, Greg. Dafeo bowled the high single of 228 and the high double of 372. Roell Oosting had the high single for the girls with a game of 206 and high double of 368.

Other good doubles and singles were: Patsy Cameron 346 (180, 165); Robert Alderson 300 (181); Danny Belth 283 (148); John Mouch 272 (160); Stephen Crossman 252 (161); Ricky Wright 295 (148, 147).

Student Year Book Workshop

On Thursday, September 24th, a delegation of five students from the year book staff of Stirling-Rawdon District High School was accompanied by Mr. Camm to a conference sponsored by the Inter-Collegiate Press at Tops Motor Hotel, Belleville. The purpose of this workshop was to help the students in their production of a better year book.

During the course of the morning, the students browsed through a wide variety of year books from schools across the continent. A film illustrating important factors in planning and assembling was followed by a brief lecture by some well-informed representatives from the company.

A delicious salad plate was served at noon at which time the various delegates became acquainted. During this period, new ideas and problems were exchanged.

In the afternoon session, new approaches to financing, advertising, and circulating were explained. Problems were aired from the floor and suggestions were given as to their solution. The Stirling students returned home confident that their knowledge would be evident in their forthcoming year book.

The Stirling students in attendance were Judy Patterson, Donna Tucker, Nancy Wilson, Glenn Stapley and Joe Whitehead.

Battle of Giants In Northumberland Riding

(Campbellford Herald)

Sudden, unexpected and spectacular events in the political field locally focused national attention on the constituency of Northumberland as the name of Hon. George H. Hees was placed in the ring officially as the Progressive Conservative candidate.

The greatest political fight ever waged in this rural constituency is in prospect. No doubt each side will bend every effort to wrest victory for their champion. Miss Jewett, who has a distinguished educational career and is a Doctor of Political Science, is considered cabinet material.

Her opponent is Hon. George H. Hees, former minister of Trade and Commerce in the Progressive Conservative cabinet.

The political battle shaping up in Northumberland may go right down to the wire on election night before a winner emerges. In any case, it is generally agreed that, with the high calibre of candidates being offered for choice by the electors of Northumberland, one good, capable person will be lost to the services of the country when the next parliament convenes in Ottawa, the nation's capital, following the election. This is an unfortunate fact.

a short poem, a welcome to all present, and a reminder of the purpose of the U.C.W.

A short business session followed. Unit 3 still has a few Cook Books on hand. Anyone wishing to obtain one may do so from any member of the Unit. The next Unit meeting will be held at the home of Mrs. Gilbert Finkle.

The general meeting will be in November when the guest speaker will be Mrs. Harry Pierson, Secretary for Supply and Social Assistance for the Presbyterian, and Vice-President for Prince Edward West Region.

The Worship Service was led by Mrs. Grant Stapley on the theme—God's care for His own. Psalm 23, the best-loved passage in the Old Testament, was read by Mrs. Ronald Williams with the meditation on the theme by Mrs. Stapley. "The Lord's My Shepherd" was sung, the offering gathered and dedicated, and the period closed with prayer by Mrs. Lloyd Jones.

Mrs. Stapley then introduced the programme, which dealt with the subject of married women working. One tenth of the whole labour force today is made up of married women, and so it will be seen that although a gainfully employed married woman was once a rarity, this situation is now completely changed. However, a working mother, especially, has many problems, both physical and emotional, in that she is, in effect, holding two jobs, one being the very important one of keeping the home the basic centre of family life. Thus, she necessarily has less time for community and social life. Mrs. Jones gave the Church's view on this, showing that there is a Christian responsibility to understand the problems arising, and that the Church could take a position of leadership in helping to solve or at least alleviate some of them.

Discussion groups were then formed, concluding with shared comments from all.

The Canada Pension Plan and its benefits

Here is what
the Canada Pension Plan
will do for people like Robert Martin,
a 55-year-old skilled tradesman
who earns \$100 a week (\$5,200 a year).

If Robert works full time until age 65 he can look forward to a monthly retirement income of \$104.17 from the Canada Pension Plan and \$75 from Old Age Security—a total of \$179.17 a month. When his wife, who is two years younger than Robert, receives her Old Age Security pension, the Martins' monthly income will rise to \$254.17.

If Robert becomes disabled at age 60, having contributed for five years, he will get a disability pension of \$103.13 a month until he reaches 65 when his retirement and Old Age Security pensions begin.

If Robert dies after contributing for three years, his wife will receive a widow's pension of \$64.06 a month until age 65. From then on her widow's pension will become \$62.50 and she will also receive the \$75 Old Age Security pension—a total of \$137.50 a month. At the time of Robert's death, Mrs. Martin will also be paid a lump sum of \$500.

All benefits under the Plan will maintain their value. The actual benefits payable will probably be higher than those given here since benefits will be adjusted to meet changes in living costs and in wage levels before they are paid and changes in living costs after they become payable.

What will the Plan cost you?

If you, like Robert, are employed and have earnings of \$5,200 spread evenly over the year, you will, commencing in January, pay at the rate of \$1.59 a week until your contributions for the year amount to \$79.20. Your employer will pay the same amount.

This advertisement is one of a series which relates some of the important benefits of the Canada Pension Plan to individual circumstances.

Issued by
authority of the Minister of
National Health and Welfare,
Canada,
The Honourable Judy LaMarsh.

St. Paul's U.C.W. Unit Four

Unit Four of the United Church Women of St. Paul's United Church was well represented at their first Autumn meeting with leader, Mrs. A. Wells, presiding. After words of welcome, Mrs. Wells suitably conducted opening exercises and called upon Mrs. A. Bush to take charge of devotionals.

Worship
The Scripture lessons were centred on the brotherhood of man and his value as one born to a purpose in life. Mrs. V. Richardson gave the commentary on this. Mrs. H. Waite's solo was much appreciated. She was accompanied by Mrs. C. H. David, acting as pianist in place of Mrs. H. West. The offering received by Mrs. J. B. Hough and Mrs. P. Utman, was dedicated by Mrs. A. Bush.

Business
Conducting the business of the day, Mrs. Wells asked for minutes of the June meeting, read by Mrs. Ross Bush. Further reports were presented by the treasurer, Mrs. J. B. Hough and Community Friendship Secretary, Mrs. D. Luery. Mrs. A. Bush expressed appreciation to all who had assisted in catering for the weddings of the summer.

Announcements
The women were reminded of the Rally, September 30th, at Scott's Church. An invitation was read from Marsh Hill Women to attend their bazaar in October. The new study, "Jesus Christ and the Christian Life", is now off the press and orders were taken for copies. The next meeting for Unit Four is Octo-

ber 19th. October visiting team consists of Mrs. F. Wood and Mrs. J. B. Hough.

Study Period

Mrs. V. Richardson then took charge of the study, introducing Brazil. She was assisted by a panel composed by Mrs. W. Camm, Mrs. J. Hough and Mrs. G. Carlisle, and by questions and posters, made the information most interesting.

Brazil with its 80 million people was a former colony of Portugal so the language is Portuguese and the Roman Catholic religion predominates. Because of its minerals, Brazil is judged to be the wealthiest country in the world. It also has the greatest water power of any country in the world. There are only two countries of South America that do not border on the Republic of Brazil. It's new capital, called Brasilia, is ultra-modern and situated further inland in hopes of opening up the country, since most of the people have lived along the coast. There is no racial discrimination and inter-marriage is common.

Brazil is noted for its excellent coffee, also for crops of sugar cane and oranges for the climate is tropical.

This country has many problems. 80 per cent of the land is owned by 10 per cent of the people. The average yearly wage does not exceed \$80.00. The great extremes of wealth and poverty is evident. Conditions in so many areas are very primitive and hunger is one of the greatest problems of all.

The United Church joined forces with the Methodist in trying to break down barriers of misunderstanding and help avoid revolutions of viol-

ence for as Brazil goes, so goes South America.

Mrs. C. Lansing thanked the Committee for the fine programme and an enjoyable social hour that followed.

Lee Grills P.C. Candidate In Riding

Lee Grills, Progressive Conservative MP for South Hastings in 1957-63 is back in the running as a federal candidate for the riding.

The Belleville dairyman was acclaimed at a party convention in Belleville Collegiate last Wednesday night after three other nominees withdrew in his favour — and secured the platform opportunity to denounce representation given the riding by Liberal MP, Robert Tempe.

A fifth nominee, Edward Parker, of Trenton, did not answer his nomination and his name was withdrawn. The three others were barrister Ronald Cass, former mayor Gerald Hyde and Dr. Richard T. Potter.

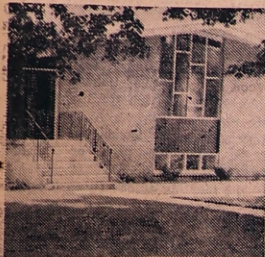

All three called for unequivocal support of Mr. Grills in his return bid for office.

S.I.C.A. Holds First Fall Meeting

On September 20, 1965, the Bay of Quinte Chapter of the Society of Industrial and Cost Accountants of Ontario, held its first Fall meeting. The members were guests of Corby's Distilleries where Mr. Bill John acted as guide for a tour of the Corby Plant. The members are indebted to Mr. Bellstedt for arranging this tour.

The members assembled at the Quinte Hotel for dinner, after which the normal business was held. The Chairman, Mrs. Marg. Bosiak, Stirling, advised the Chapter that the Vice-Chairman and Director of Student Affairs, Mr. Keith Borland had tendered his resignation as he transferred to O.M.C. at Peterborough. Mr. Bob Deveau, of Proctor Silex, Picton, was elected Director of Student Affairs.

Mr. Art Jones, Director of Public Relations, announced that there are two seminars being held October 20-23, at the Guild Inn, Toronto. The seminar on "Company Financial Management" is under the direction of Professor Andre Bisson, Business Administrator, Faculty of Commerce, Laval University, and one of the members, Mr. Donald D. Hickson, Vice-President and Treasurer of Mead Johnson of Canada, and the other on "Direct Costing" is under the direction of Mr. Lloyd Rentner, Treasurer of Westeel Products Limited and Professor Andre Bisson of Laval University. Members were urged to get their applications in early for these seminars.

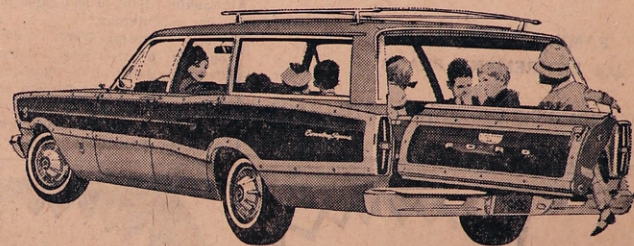

Mr. Jim Robinson, Director of Attendance, introduced three new student members to the Chapter. They were Mr. George Fisher of McColl-Turner and Company, Chartered Accountants, Belleville; Mr. Louis Sampson, ex R.C.A.F., now with Deloro Stellite and Mr. Roy King, of Proctor Silex, Picton. Mr. Ken Higginson, Program Director, advised the Chapter that Mr. H. Park of the

Department of National Revenue will be the guest speaker at the next meeting on October 18th, 1965.

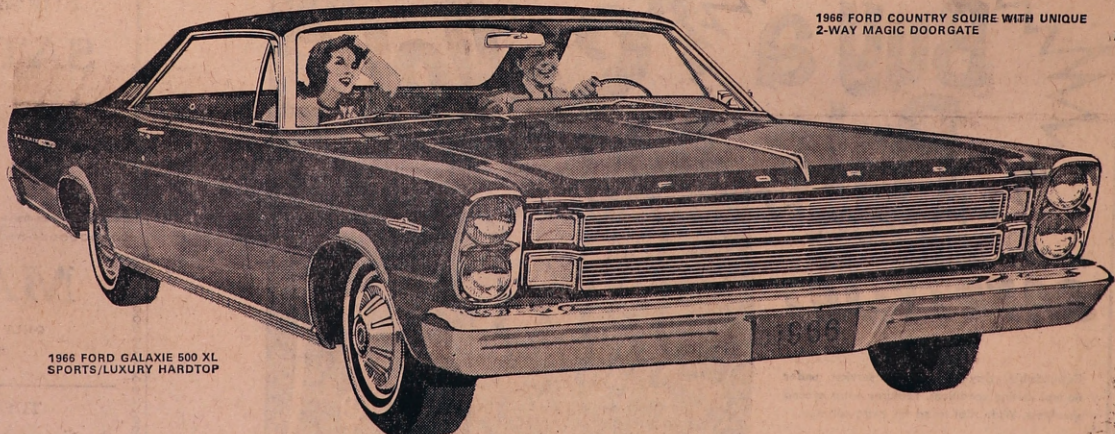

People who wonder where this younger generation is headed would do well to consider where it came from.
